

Will I Get Paid For My Contributions To JoomlaFAQs?

Written by technojoom

Currently, I'm working out some plan to reward contributors. I'm thinking of having a donation plugin or module so that users can donate to you as well. If you know of such a plugin or module... or you know how to develop one, I'll be most interested to know. If you have any other suggestions, please feel free to contact me through the "Contact Us" page by clicking on the "Contact Us" button on the top menu bar. Cheers!
